Abstract

The ultimate goal of the App is to explore the requirements of travelers in Telangana and our proposed and developed solution of android application including some basic guidance for the travelers in Telangana. Every year thousands of foreigners from diverse countries come to visit Telangana for different purposes. Most of them come for religious, study, and business purposes. Besides, tourists also visit different places of natural beauty and history of the country. However, being foreigners, the travelers face different types of problems including limited transportation information, problems in locating nearby hotels and so on. Based on travelers' requirements, we have come up with our online mobile application which can solve their problem during visiting Hyderabad city of Telangana. The App illustrates the features, development method, result, and uses of our android application named "Tourist Guide"

1. INTRODUCTION

Besides, tourists also visit different places of natural beauty and history of the country. However, being foreigners, the travelers face different types of problems including limited transportation information, problems in locating nearby hotels and so on. Based on travelers' requirements, we have come up with our online mobile application which can solve their problem during visiting Hyderabad city of Telangana. The App illustrates the features, development method, result,

and uses of our android application named "Tourist Guide"

Objective

TOURIST GUIDE is the best online GUIDE

Registered user gets the recommendation of the places of their preferences.

They can find the places using this system.

User can easily view the place on map with its description, image and address.

The system also provides food places in the application0

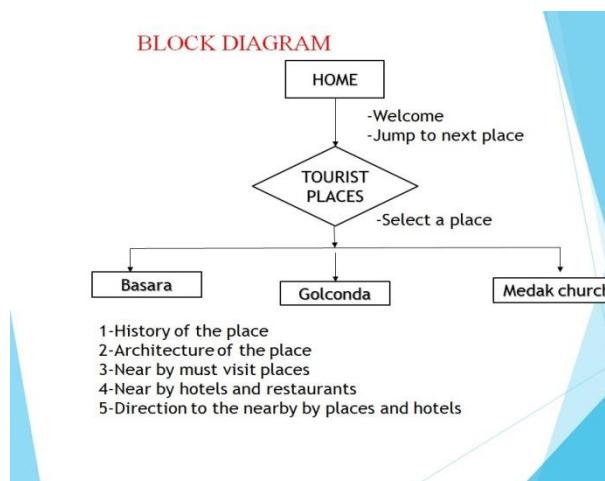

System GUI is easy to use

2. RELATED WORK

The problem statement is that many people stuck on the road due to no directions .No more worries when you get stuck in an unknown area .This app basically shows the directions and the nearby hotels and restaurants and the nearby places to the foreigners.

3. IMPLEMENTATION

The ultimate goal of the App is to explore the requirements of travelers in Telangana and our proposed and developed solution of android application including some basic guidance for the travelers in Telangana. Every year thousands of foreigners from diverse countries come to visit Telangana for different purposes.

4. EXPERIMENTAL RESULTS

The main aim of this App is to save time and increase efficiency in Traveling for travelers. In this App we have different places around Telangana This will help in planning your trip better and you would

actually know how the place looks like. The apps also provide a few photos too to offer a better experience. It also has an amazing feature which provides location-based info like maps.

CHARMINAR

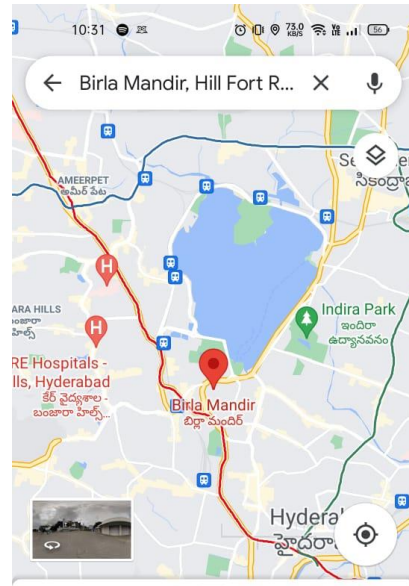

GOLCONDA FORT

← Charminar

the arches of the main structure are two stories. The first was once used as a madrasah (Islamic college) in the Quṭb Shāhī era, and the second houses a small mosque. In addition to the mosque, the Charminar has 45 other prayer areas. The Charminar's roof and minarets afford panoramic views of Hyderabad, notably the historic Golconda Fort to the west and the bustling Lad Bazaar—adjacent to the Charminar—which is famed for its traditional lacquer bangles studded with coloured glass and stones.

5. CONCLUSION

Keeping travelers' need in consideration and the current trend to the use of android devices, we have developed our Travel Guide Android Application. The application is able to meet most of the requirements that are commonly asked by travelers, Besides, the simplicity of using the application has been maintained. The app can be helpful for Telangana people who are newcomers to Hyderabad city.
